COLORADO SPRINGS GAZETTE.

NUMBER 5426. COLORADO SPRINGS, COLO., TUESDAY, OCTOBER 1, 1895.---EIGHT PAGES. PRICE FIVE CENTS.

THE TICKET.

Republicans in Convention Name their Candidates.

THEY ARE ALL GOOD MEN.

Only Four Contests For the Nominations.

EVERYTHING WENT SMOOTHLY.

Lunt and Severy for Judges, Boynton for Sheriff, Bates for Clerk, Steinmetz for Treasurer, Jackson for Assessor, Grafton for School Superintendent, Parker for Commissioner, Marlow for Coroner, Ashworth for Surveyor—A Strong Ticket, and One that Will Be Elected.

Early yesterday morning there was an appearance of unwonted animation down around the four corners and in the neighborhood of the opera house and the county offices, which betokened that something special was happening, or going to happen. Long before 10 o'clock, the time set for the opening of the county convention, there were crowds of men on the streets, discussing affairs, fixing up combinations, button-holing each other here and there, and talking in little groups. About 10, the ladies who had been elected delegates began to arrive, and they went at once inside the opera house. Everybody seemed in good humor: at least if they were not, they concealed it successfully. The opera house was cold, the officers thereof not having been notified in time to heat the building; and so the delegates preferred to stand out in the sun and keep warm. Three quarters of an hour had passed, after the set time, when Mr. Boynton finally rapped for order.

Everything went smoothly at the morning session, which was called to order at 10:48 by the chairman of the central committee. Hon. A. L. Humphrey, of Colorado City, was chosen temporary chairman, and Bert Simmons, of Cripple Creek, for secretary. A committee on credentials was appointed, consisting of Messrs. H. H. Grafton, Seavey, and W. A. Platt, and the convention waited, with more or less patience, until this committee was ready to report, a little after 12.

There was only one contest—that in Altman, and that was settled in favor of Mr. Morrison, and his colleagues.

Other committees were then appointed, on order of business, and permanent organization, on selection of delegates to the judicial convention, and on resolutions.

The committees selected were as follows:

Rules and order of business A. R. Kennedy, F. A. Mangold, J. F. Morgan, C. M. MacNeill and Mrs. Alice Gandy.

Resolutions W. C. Frost, C. T. R. McClelland, W. J. Chambers, J. H. Hutchinson, C. A. Morrison.

To select delegates to the judicial convention O. B. Wilcox, W. L. Cook, H. McAllister, Jr., W. P. Epperson, Mrs. Emma H. Eldredge, E. Barnett, C. B. Ferrin.

The convention then took a recess until 2 o'clock.

Shortly after 2 o'clock Chairman Humphrey called the convention to order again, and Senator Kennedy reported for his committee that the order of business would be as in the call, that the temporary organization would be made permanent and that Roberts's Rules of Order would be used in governing the convention. This report was adopted.

Dr. Horn moved that nominating speeches be limited to five minutes. Carried.

The Chair appointed Delegates Mangold, Lindsay, Hall and Ferrin as tellers, and called for nominations for sheriff.

H. H. Grafton of Manitou nominated W. S. Boynton in a brief speech, in which he told of his early struggles and successes, and of his many good qualities. This was seconded by delegates from Cripple Creek, Gillett and Falcon.

Maj. Otis Remick nominated L. C. Dana in a brief speech, in which he spoke of him as an old soldier, and a splendid civil officer.

There was something of an argument over the way to cast the vote, and it was decided that each delegation should do as it pleased. Only one ballot for sheriff was taken, and it resulted, 117 for Boynton, and 48 for Dana.

Mr. Boynton was called to the platform and briefly expressed his thanks for the honor done him. He would do the best he could for the people, for his party and for his own manhood.

Senator A. R. Kennedy arose to nominate John Bates for county clerk, and paid a very high tribute to his character. Many delegations seconded this, and on motion of John Chapman of Colorado Springs the nomination was made by acclamation.

Chairman Wilcox of the committee on delegates to the judicial convention appeared at this time with the report. Fifty-six names were announced as delegates, and were accepted by the convention as read. Upon motion the delegation was also instructed to fill any vacancies.

Mr. A. Hemenway of Ivywild named Frank J. Steinmetz for county treasurer, and he was nominated by acclamation, which was seconded by Mr. Brown of Cripple Creek.

The closest contest of the convention came next—that for assessor. Dr. Horn nominated Frank Cotton, telling of his long residence here, and of his experience.

Henry M. Blackmer nominated John M. Jackson of Colorado City and spoke of his ability and fitness for the position and his long services to the party.

Things looked as if they might take an unpleasant turn at this point, as John Harris of Cripple Creek rather hit at Colorado Springs for wanting more than its share. Uncle Jimmie Taggert made one of his characteristic speeches, in which he said that Jackson had fought the Populists hard in their own stronghold and had hit a head wherever it popped up. At this point a rather amusing thing happened. A colored delegate from this city, Mr. I. W. Hays, arose and moved that the secretary cast the white ballot "as per schedule made out." It made a great laugh, but was ruled out of order and the balloting went on. Only one vote was taken which resulted, Jackson 93, Cotton 76

For county commissioner only one name was presented. Mayor Steele of Cripple Creek nominated Mr. N. E. Parker of that place, and his nomination was made by acclamation.

Mr. Henry McAllister, Jr., arose and in a very pleasing speech nominated Lyman B. Grafton of this city for superintendent of county schools. Mr. Grafton was evidently a popular candidate and a dozen delegates got on their feet to second it. Mr. Grafton was nominated by acclamation.

Mr. Grafton made a brief talk, thanking the convention for its action.

The next nomination was that of county judge. James Burns of Victor arose and made a bright speech in which he nominated Justice William Mellen of Victor. Dr. T. G. Horn then walked down the aisle and briefly nominated Judge James B. Severy of this city. The Colorado Springs delegates grew quite enthusiastic and when the votes were counted it was found that Judge Severy had received 101 and Judge Mellen 63. Mr. Burns moved to make it unanimous.

James Lindsay of Cripple Creek moved to nominate Dr. W. D. Marlow for coroner by acclamation, and it was done.

A delegate from Gillette nominated P. W. Dargin of Gillette for surveyor, and H. I. Reid named R. H. Ashworth of this city. The result of the ballot nominated Mr. Ashworth by a vote of 103 to 59 for Dargin.

Mr. Steinmetz came upon the platform at this juncture and thanked the convention for his nomination.

The following central committee was then named: H. C. McCreery, chairman; H. H. Grafton, F. M. Reardon, W. R. McCrea, T. M. Huffman, Mrs. B. M. Cook, Dr. J. Cooper Hutchinson, C. B. Ferrin, Mrs. D. B. Potter, Thomas McClelland.

The committee was instructed to fill all vacancies and the eagle was adopted as the emblem.

Delegate Williamson of Ivywild moved that the chairman be instructed to make the call of the convention next year at least two weeks before the meeting. Carried.

The convention then adjourned.

JUDICIAL CONVENTION.

Judge Lunt Nominated Without Opposition Last Night.

The Republican convention for the Fourth Judicial district, to nominate a candidate for judge met last evening in the court house, division 1. There was almost a full delegation from this county and every county in the district had one or more delegates here to cast the vote. E. B. Mills of Lincoln county was elected chairman, and James Lindsay of El Paso secretary

A committee on credentials was appointed and soon reported. It was also agreed to allow the delegates to cast a full vote for their counties.

Mrs. Rundlett of Cheyenne county briefly named Judge Lunt for nomination. Judge Hutchinson of El Paso then made a short speech, in which he praised the ability and high character of Judge Lunt. The nomination of Judge Lunt was then made by acclamation.

The judicial central committee was then named as follows: O. B. Wilcox of El Paso, chairman; J. P. Dickinson of Lincoln, secretary; F. Shroder of Cheyenne, Hugh Taylor of Douglas, W. L. Gleason of Elbert, Martin Jones of Lincoln, A. L. Humphrey of El Paso and R. G. Campbell of Kit Carson, members.

Judge Lunt appeared at this time, accompanying the committee sent to notify him of his nomination. The Judge spoke briefly, but to the point. He thanked the convention for the honor done him. He said that he had done nothing but study and practice law all his life, and he believed that he had as great a veneration and respect for the bench as any one could. It was the greatest honor they could have given him.

After formally adopting the eagle emblem, the convention adjourned.

Justice Convention.

After the county convention yesterday the delegates from this city, Ivywild and Roswell met and selected candidates for justice of the peace and constable. Dr. Horn was made chairman and Mrs. Marlow secretary.

The names of Thomas Shideler and Chraries Walker were presented for justice and the latter was nominated, the vote being, Walker 41, and Shideler 26.

Mr. Lafayette Jones, the well known colored man, was nominated for constable by acclamation.

Rich Shipment from the Moose.

Special to The Gazette.

The Moose is now on record with one of the richest shipments of ore from the camp. A car load from the fifth level has been sent to Pueblo. It is calculated to be worth $20,000, and will be followed in a day or two by two other cars which are being filled with even a better class of ore than the first one, running, it is said, as high as 20 or 40 ounces to the ton

The Pike's Peak hotel has been leased by Peter Eales for a term of five years. Another story is to be added to the building, and the syndicate which is backing Eales will run the hotel in first-class style

Can a Native Born Chinaman Vote?

San Francisco, Sept. 30.—The government has taken its first step toward settling the right of native-born Chinese to the franchise in this country. Assistant United States District Attorney Knight to-day received instructions to raise the question in the case of Wong Kin Ark, who has made application to land as a native-born American. Collector Wise refused his petition to land and he has appealed to the Federal Court.

Broken Banks.

Jefferson City, Mo., Sept. 30.—The Bank of Monett and the Bank of Purdy, both Bary county banks, have been closed by Secretary of State Leiseur, upon notification by the State Bank Examiner of their insolvency, and are in the hands of receivers. This makes 13 banks closed by the Secretary of State since the execution of the new bank examination law began on July 1, besides some half dozen others that anticipated the examination by assignments

CUBA LIBRE!

Two Great Mass Meetings Held in Chicago.

STRONG RESOLUTIONS ADOPTED.

They Favor Recognition by the United States of Cuban Belligerents—Annexation not Popular—Many Eloquent Speeches.

Chicago, Sept. 30.—Surrounded by patriotic mottoes, with the American flag as a background, and the Declaration of Independence as a text-book and the spirit of liberty as an inspiration, 4000 persons yelled themselves hoarse to-night in the cause of Cuban independence. There could scarcely have been more enthusiasm had the meeting been held in Cuba itself. Central Music hall was not big enough to hold all the sympathizers and there was an overflow meeting in the auditorium of the Young Men's Christian Association building. At both meetings the same resolutions were adopted and speeches were made by men prominent in civic affairs, all of whom uncompromisingly favored the freedom of the little island in the thralldom of Spain. The resolutions express sympathy for the revolutionists; call on the United States to recognize them as belligerents and ask other countries to join in making this demand. They begin with the best known paragraph in the Declaration of Independence and end with a determination to continue the work begun at to-night's two big assemblages.

Some of the mottoes on the walls of the two halls were:

"I know not what course others may take, but as for me, give me liberty or give me death."—Patrick Henry.

"When a long train of abuses and usurpations evinces a design to reduce the people under absolute despotism, it is their right, it is their duty to throw off such government."—Declaration of Independence.

"The moral progress of a people can scarcely begin till they are independent."—Martineau.

"There is, however, a limit at which forbearance ceases to be a virtue."—Edmund Burke.

"The history of the present struggle is a history of repeated injustice and usurpations, all having one direct object, the establishment of absolute tyranny over the people."—Declaration of Independence.

"Where liberty dwells, there is my country."—Milton.

"The God who gave us life gave us liberty at the same time."—Thomas Jefferson.

Messages of sympathy were read from Senator Cullom, Governor Altgeld of Illinois, Russel A. Alger, Mayor Pingree of Detroit, Senator Call of Florida, Mayor Bostwick of Jacksonville, Fla.; Mayor Caldwell of Cincinnati, Mayor Salmonson of Tampa, Fla., and others.

Nearly every prominent club and organization in the city was represented on the list of vice-presidents, which included also the best known business and professional men. Among the associations represented were the Loyal Legion, G. A. R., Confederate association, Sons of the Revolution and State Federation of Labor, Irish-American, Scandinavian, German and Afro-American societies.

Mayor Swift presided at the meeting at Central Music hall. In opening the proceedings he made no speech, but took occasion to express himself as in full accord with the movement.

The first speaker, Rev. Dr. Gunsaulus, said he was a Spaniard but he could not be true to his own country in the face of its action towards the oppressed. The dawn of Cuba's redemption was already breaking. All hail a righteous revolution.

A reference made by Dr. Gunsaulus to the inactivity of the administration met with cheers and uproarious applause and the temper of the audience was evident before ten sentences had been completed. Dr. Gunsaulus was followed by Thomas B. Ryan.

Judge William J. Hynes spoke next. "I am here to-night," he began, "neither as a Spaniard nor a Cuban, but as an American and to voice the sentiment of every American who wishes success to Cuba in her struggle to be free. For 10 years she has made this struggle without an expression of sympathy. Let them have that expression of sympathy now as early as possible in this last fight, and let them know that Chicago at least is willing to do all in its power."

Congressman William E. Mason did not think it was much use to hold a meeting, passing resolutions of sympathy with the Cubans when the United States turned its back on them. He thought, as to the opinion so frequently expressed, that Cuba could rule itself; if it could not do so now, it never would be able to. Should Spain be allowed to pinion its victims for another hundred years?

This was followed by the reading by the secretary of various letters and telegrams received, expressing sympathy with the movement.

To the Rev. Dr Barrows was entrusted the reading of the resolutions.

Dr. Barrows followed the reading of the resolutions with an appeal for their adoption.

"We are told," said he, "that we must keep on good terms with Spain, but there is a limit even to good fellowship. I hope these meetings will arouse a new feeling of independence and patriotism. I do not believe that a cutthroat nation has any right to be honored with our silence here to-night."

Mayor Swift introduced Bishop Samuel Fallows, who spoke briefly.

The proceedings closed with the singing of two verses of "America."

At Association Hall.

The meeting at Association hall was no less enthusiastic or crowded. Judge Wm. A. Vincent made a few remarks as presiding officer, saying he was a believer in the independence of Cuba, but did not wish to see a violation of national law. The audience was deeply interested and any good point made was taken up at once.

After the Rev. P. S. Henson had addressed the meeting, John Mayor Palmer, ex-corporation counsel, explained the intent and effect of the laws of nations. He thought the people of the United States should speak through the newspapers to their brother Americans of Cuba and should urge our own government to recognize the Cubans as belligerents

W. J. Hynes followed Mr. Palmer, after which the resolutions were read by Rev. Dr. Thomas. They were adopted with great enthusiasm.

The Hon. William E. Mason's talk closed the meeting and the audience sang "America" while leaving the building.

The audience applauded every sentiment expressed by the speakers suggesting the recognition of the Cubans as belligerents. Two of the speakers defied the law of nations and Mr. Mason wanted an immediate repeal of that law which, he said, was only intended to prevent one nation from interfering while another nation was committing depredations of some kind against another nation. The sentiment for the annexation of Cuba was not strong. Three speakers wanted the inhabitants of the island to determine their own course by popular vote after independence was gained.

CUBA'S GOVERNMENT.

A Provisional Organization Completed at Camaguey.

New York, Sept. 30. The Cuban Revolutionary party in this city to-day received news of the gathering of delegates for the establishment of a provincial government. The intelligence came in a letter from Gen. Carlos Roloff, who now has with him 12,000 men. The letter says among other things:

"By the time you receive this the provisional government will have been established. All the delegates from the different provinces are now in Camaguey, where they will organize."

It was expected when the letter was written that Gen. Bartolme Masso would be made the head of the provisional government.

Regarding the general situation the letter says: "The revolution is every day becoming more powerful."

MAHONE STRICKEN.

Serious Results Feared from an Attack of Paralysis.

Washington, Sept. 30.—Ex-Senator William Mahone had a stroke of paralysis this morning. He has been stopping at Chamberlain's hotel and this morning his son, Butler Mahone, calling at his father's room, found the General still in bed and apparently very drowsy. Not suspecting anything wrong, Butler left the room and calling again later, found his father still in the same condition. He became alarmed and a physician was summoned. After examination the doctor pronounced it a case of paralysis. His condition is critical.

At 2 o'clock this morning Gen. Mahone's condition was said to be slightly improved

Washington, Oct. 1.—At 2:30 General Mahone was asleep and resting easy.

The Health Convention.

Denver, Sept. 30.—Delegates to the 23rd annual session of the American Public Health association began to arrive today. This afternoon those present were taken by special train up the Platte river to inspect the reservoirs, filters, cribs, acqueducts and great wooden water mains of the Denver Union Consolidated Water company; a gravity system of modern construction which has attracted much attention from scientists interested in the subject of pure water supply for cities. The local committee has arranged a most attractive programme for the visitors' entertainment this week.

The sessions of the congress begin tomorrow. Dr. William Bailey of Louisville, Ky., is president of the association.

Seal Stealers Captured.

Washington, Sept. 30.—Captain Hooper, of the revenue cutter Rush, to-day reported to the Treasury department that the British schooner E. B. Marvin was captured on Sept. 2 for violation of the regulations of the Paris tribunal of arbitration governing seal fishing in the Bering sea. She was sent in charge of a prize crew to Dutch Island harbor, Alaska, and turned over to the British war vessel Pheasant.

The American schooner, Louis Olsen, was captured on Sept. 3 and in charge of Lieutenant Dunwoody was sent to Astoria, Ore., with directions that she be placed in charge of the United States marshal there.

The British schooner had on board fire arms and the American schooner had shot guns and had no license. Both were within the limits of the 60-mile zone about the Pribyloff islands

A Pennsylvania Wreck.

Altoona, Pa., Sept. 30.—A wreck in which a man named Sellers of this city was badly injured about the spine, and all of the other passengers, including a number of women and children, were more or less bruised, occurred at Home's Station on the Altoona, Clearfield and Northern railroad this evening. The rear truck picked the switch, running upon another track and causing the car to be twisted around and topple over on its side. It was diverged for a short distance, and the only wonder is that the passengers escaped as well as they did.

TELEGRAPHIC BREVITIES.

Lieutenant and Mrs. Peary left Halifax, N. S., for New York via Boston.

The steamer Margaret, reported ashore near Cape Henry, Va., is a total loss.

The condition of Harry Wright, the chief of baseball umpires, is not so favorable. He suffered a severe relapse and was in a critical condition all day.

The schooner John Raber, lumber laden from South Chicago to Michigan City, went ashore at Dune Park, Ind. William Johnson, captain and owner of the boat, and an unknown sailor were drowned.

At Lincoln, Neb., suit for a round half million dollars was filed in the District Court against the estate of the late John FitzGerald. His brother, David FitzGerald, is the plaintiff. The claim was entirely unexpected.

The Red Cloud flour mills, two miles west of Red Cloud, Neb., were burned with contents. The granaries adjoining were burned with thousands of bushels of grain. The plant was roughly estimated as worth $60,000, on which there is but $25,000 insurance. The origin of the fire is unknown.

Two Chicago wheelmen will start from the City hall, New York, to-day on the longest record ride of the year. San Francisco is the destination, and if they win their time must be better than 43 and 18 hours. B. D. Blakeslee of the Chicago Cycling club and N. A. Winquist, a strong road rider, are the young men who will figure in the trial.

CHINA GIVES IN.

The Terms of the English Ultimatum are Accepted.

VICEROY LUI NOW DEGRADED.

The American Commission Will Continue to Investigate—Additional Demands are Likely to be Made Upon China Reforms Needed.

Washington, Sept. 30.—The State department was advised to-day by Minister Denby that Viceroy Lui had been degraded by an imperial decree issued to-day. The abstract of the decree cabled by Mr. Denby shows that the responsibility for the Cheng-Tu riots in the province of Szechuen rests with the officials, that Viceroy Liu was exceedingly careless and took no notice of the riots and made no attempt to stop the outrages; he is deprived of his office and never again will be employed. Other officials are also to be punished.

The American commission will proceed, notwithstanding this action, to conduct its investigation of the riots. The Secretary of the Navy was to-day advised that Lieutenant Commander John P. Merrill of the Baltimore had been substituted for Lieutenant Commander Barr as a member of the commission; that the latter being ill. The other members of the commission are Consul Sheridan P. Read and Fleming Cheshire.

Additional demands are understood to have been made by the British and American Ministers, and if they are complied with, a long step in the direction of reform in the province of Szechuen will have been taken. These Ministers have, it is understood, made a demand that all examinations for promotion in and appointment to office shall cease in that province for three years. This is intended as a blow to the officeholding class, of which source emanates all the alleged information circulated among the natives for the purpose of inciting them to commit outrages.

CHINA YIELDS.

The English Ultimatum Produces the Desired Effect.

London, Sept. 30. The government has received information that China has yielded to the pressure of the British ultimatum by degrading the Viceroy of Szechuen and according in full the other demands of Great Britain. A dispatch received at the Foreign Office says that the Chinese Official Gazette has published an imperial edict announcing that the Viceroy of Szechuen has been stripped of his rank for failing to protect the missionaries and will never again be allowed to hold office, so that his case will serve as a warning for all future time to officials who may be disposed to do wrong. The decree also denounces the subordinate officials of the province who failed to take proper action for the protection of the missionaries.

A DOUBTFUL CLAIM.

English Diplomats Support Demands Upon Bolivia.

Panama, Sept. 30.—The Star and Herald has the following special dispatch from Bogota:

The excitement over the claim of the English firm of Punchard, MacTaggart & Lowther increases daily throughout the country. The firm agreed to construct the Antioquia railroad and make or obtain a loan to carry out the contract, but failed to do so. The government rescinded the contract, being convinced that the firm had no money or credit. The government paid the firm a subvention of 300,000 pesos which should have been refunded. The firm now claims $630,000 damages and is supported by the British legation here. An arbitration committee was formed, the president of which was the German Minister, but the claim is considered so unjust that the German colonies in the principal cities of the republic petitioned their government not to permit its Minister to meddle with the affair. The intervention of an English statesman, Mr. Lowther, a brother to one of the members of the firm with the Foreign Office and the British Minister Jenne is spoken of, and the position of the Minister is held to be untenable owing to the course he has adopted.

Chinese Justice.

London, Sept. 30.—The Times will tomorrow print a dispatch from its Berlin correspondent saying that China has informed Germany that the leaders of the attack on the German mission at Swatow have been arrested and that measures will be taken to capture the others implicated in the outrage.

Armenian Disturbances.

London, Sept. 30.—The Morning Post to-morrow will print a dispatch from Constantinople to a local news agency saying that a number of Armenians made a hostile demonstration against the authorities there to-day. The police attacked the mob, killing several persons and wounding others. Many persons were arrested Order was finally restored.

Another dispatch says that after the trouble was over the Foreign Minister sent messages to the various embassies saying the disturbance had been created by certain ill-disposed persons around the precincts of the Armenian patriarchate, but that, thanks to the measures taken, perfect quiet now reigned.

Killed in a Quarry.

Independence, Mo., Sept. 30.—A premature explosion occurred in a rock quarry seven miles northeast of Independence at 6 o'clock last night, five men and a boy losing their lives. The dead are: Miles McTiernan, contractor; Thomas Ferguson, 14 years old, son of John Ferguson, a farmer; Dan Rogers, Pat Walsh, Charles Truett, unknown Italian.

All the dead except the boy are of Kansas City. In addition to these, John Ferguson, father of the boy killed, and Joe Fleming, and an unknown Italian were seriously injured by flying rocks, but it is thought that all of these will recover.

Two blasts were set just before quitting last night, one on top of a large ledge of rocks, the other much higher and further up the side of the hill. They were to be touched off with wires from an electric battery. The men took refuge under the ledge of rocks immediately beneath the first blast, intending to touch off the one higher up. By a mistake the blast over the ledge was fired first. The explosion tore loose the whole ledge of rock and the immense mass fell forward upon them. All of the bodies were recovered during the night except those of McTiernan and Truett, which are still beneath the mass.

THE WHIPPING POST.

A Washington Grand Jury Favors Its Establishment.

Washington, Sept. 30.—The grand jury of the District of Columbia concluded its labors to-day and were discharged. A recommendation, in its final report, that the whipping post be established in the District for the punishment of wife-beaters and petty thieves, created much surprise, not to say astonishment. It was signed by 16 members of the grand jury.

In directing the clerk to file the paper, Judge Bradley remarked that he agreed that the establishment of a whipping post here would be productive of good results in some instances. But the courts could not establish it, hence Congress should be applied to in the matter, and he advises the members of the grand jury to move in that direction.

MAY FIGHT IN MEXICO.

The Corbett-Fitzsimmons Affair Will Surely Happen Somewhere.

San Antonio, Tex., Sept. 30.—It was learned this morning that negotiations have been quietly in progress for the past several days between the Florida Athletic club and railroad officials in Mexico looking to the pulling off of the Corbett-Fitzsimmons fight in that country across the river from Eagle Pass, or at some point below there on the line of the Mexican International road, in case it was found impossible to have it at Dallas or in the Indian Territory. It is stated that the Governor of Coahuila, Mexico, guarantees protection to the fighters. President Stuart writes a friend here that he will positively pull the fight off somewhere on or before Oct. 31, if the principals are alive and ready to meet each other.

Texas' Special Session.

Austin, Tex., Sept. 30.—There are very few members of the Legislature in the city and it is not probable that a quorum will be here to-morrow when the special session begins. From those who have arrived, however, it has been learned that the general sentiment is in favor of the immediate passage of a law making prize fighting a felony. The Legislature will, it is said, be in session 30 days, as Governor Culberson will lay other matters before it, among them the recommendation of a law making gambling a felony.

BASE BALL

At Philadelphia—Philadelphia 10, Brooklyn 9

At Washington—Washington 15, Boston 7. Second game—Washington 8, Boston 10

At New York—New York 3, Baltimore 8.

The Western Association.

Quincy, Ills., Sept. 30.—At this afternoon's session of the Western Baseball association it was decided to hold the annual meeting at the Tremont hotel, Chicago, on Nov. 12. George Brackett of Quincy, Charles Flynn of Peoria and W. F. Bright of Lincoln were appointed a committee to form a circuit and report at the annual meeting. Sioux City and Denver made application for membership this afternoon. The association blacklisted Dave Rowe, manager of the late Omaha club.

A False Alarm.

Victoria, B. C., Sept. 30.—The tramp steamship Straits of Sunda, arrived from Japan this morning. Her pilot brought her off the harbor where the city health officer made an examination. She carried no passengers. Among the crew was one man suffering from violent diarrhoea and other suspicious cholera smyptoms. The ship was ordered to proceed to the quarantine station for a further investigation. Later she was released from quarantine as the suspicious case proved not to be cholera.

A Change for the Better.

Erie, Pa., Sept. 30.—Since the Chicago Associated Press misled its customers by sending out false reports of the yacht race between the Valkyrie and Defender, some of its papers have abandoned that organization and joined the United Press. The latest to take such action is The Evening Herald of this city, the leading afternoon paper in northwestern Pennsylvania, which began to-day to take the full United Press leased wire service.

The Episcopal Convention.

Minneapolis, Minn., Sept. 30.—Delegations to the triennial convention of the Episcopal church in the United States began arriving to-day. All the hostelries are filled with prelates, priests and laymen, and many of the visitors will be compelled to accept the hospitality of private citizens. Wednesday the convention will open with a celebration of the service of the Episcopal church, at which every Episcopal bishop in the United States will officiate.

For Mayor of Brooklyn.

New York, Sept. 30.—Justice William J. Gaynor was nominated for mayor of Brooklyn to-night by a mass meeting of citizens held in the Academy of Music. The demonstration was large and enthusiastic, and was made up of regular Democrats, Shepardites and anti-machine Republicans trades and labor union men. There were 10 clergymen in the audience and a legion of lawyers.

Pasteur's Funeral.

Paris, Sept. 30.—The funeral services over the body of Louis Pasteur have been fixed for Saturday next. The religious ceremony will then take place in the Cathedral of Notre Dame, and the body will be temporarily interred in the family vault at Montmatre.

Threatened with Lynching.

Salt Lake, Sept. 30.—To-night a squaw-ter named Jacobson was arrested at Neuhi, Utah, for the murder of a young man named Lou Price Public sentiment is against Jacobson and lynching is openly threatened, and from present appearances the threats will be carried into effect unless the officers succeed in getting Jacobson smuggled away.

H. S. ERRAY, C. A. ROHRABACHER, C. C. HOYT, JOHN HINTBAUGH and H. L. FAGIN.

PROSPECTUS
OF
The Long Lead Mining and Tunnel Co.

[illegible]

THE LONG LEAD MINING AND TUNNEL CO. has secured sixty acres of ground comprising [illegible] and the largest mineral lode owned by any company in the district on Cowan Mountain, the first range west of Cripple Creek. West of Grouse Mountain, two miles and a half southwest from the town of Cripple Creek, about the same distance west from the town of Victor and about one-half mile from the Gold and Globe stamp mill.

The lode is of varying, being as before stated over a mile and a half in length, the company has decided to develop it by a tunnel. No lease will be granted for more than one year, however, and the directors will vote upon a date at some future meeting, when all leases will expire.

The Long Lead Mining and Tunnel Co. [illegible] at $1.00 each, $[illegible] shares of par value of $1.00 each of which [illegible] are in the treasury, the proceeds of which, as said, will be devoted to developing and patenting of its property. The balance of the capitalized stock has been used in payment for the property and is all subject to a pool agreement. Of the treasury stock it is proposed to make a first issue of 300,000 shares at two (2) cents per share. The remaining treasury stock is expected will command a much higher price.

Following we give a report upon the property by Mr. Ira Williams, M. E. and U. S. Deputy Mineral Surveyor:

Cripple Creek, Sept. 17, 1895.

C. H. S. Erray and others whom it may concern:

Gentlemen:

I the day made an examination of the group of claims lying directly west of the Gold and Globe Stamp Mill and find the facts in the case to be as follows:

There are six claims in the group, namely, the "Little Chief," "Abraham Lincoln," "Tallyho," "Hercules," "Pyramid" and "Gold Eagle" lodes, extending in a general northwest and southeast direction for about 5000 feet or about 1½ miles. Valid discovery shafts or drifts have been sunk on each claim, corner stakes and posts marked, location certificates recorded and all requirements of the law complied.

The vein matter which lies between walls and which, is composed of a siliceous quartz carrying a large percentage of Iron Hematite (Iron). This vein exists through the entire length of the claims as is shown by surface workings at frequent intervals along the line.

There are also several porphyry veins [illegible] as is shown in the workings on the "Gold Eagle" and "Little Chief" claims.

There is an abundance of good timber on these claims necessary for all mining purposes.

Water supply of light grades can be easily and cheaply constructed to any of the mills or shipping points in the district.

IRA WILLIAMS, M. E.,
U. S. Dep. Min. Sur.

It is hardly necessary to add that the management of this fine property will be conservative and economical and that an investment in treasury stock will undoubtedly prove both safe and profitable.

H. S. ERRAY,
For the Co[illegible].

THE RETORT OAK
While you are looking around for a heating stove, come in and see The Retort Oak stove, the only self-feeding stove that is a success. It will burn any kind of coal, even coal dust, and slack will work all right.
It is absolutely clean, will not smoke. In fact, there are no bad features about it. Will hold fire from 24 to 48 hours. Come in and get a book of explanations. We also have almost all kinds of heating stoves, both new and second-hand Coal Hods, Zines, Shovels, etc.
Remember that we are selling furniture for less money than any other dealer in the city.

OUR COUNTY TICKET.

We take pleasure in looking at the head of our editorial column this morning one of the best county tickets ever named in this State. The candidates named are all good men and capable, and are good Republicans. Not every man named there was our first choice for the place and the name is one of many Republicans but some are candidates named by the majority after the fullest opportunity for the expression of the will of the voters and we believe in majority rule and in sticking by it.

Several of the candidates were named by acclamation, there being no opposition whatever. Mr. Boynton, Mr. Seymour, Mr. Griffith and Dr. Mahew were all named in this way and we congratulate them all.

The principal contests were over the offices of sheriff and assessor. Mr. Latta and Mr. Carter were pitted against each other and had many friends who would have been glad to see them nominated. Mr. Latta has been one of the best private citizens in the state for years and would make a splendid sheriff, but the majority of a house was against him. Next time we hope he may get there. Mr. Carter has been assessor in the assessor's office and would have made a first rate officer, but he failed just a little of getting a majority. He too will have a good chance another time.

As to the candidates who were nominated, we shall speak of them more in detail further on in the campaign but we may say now that it is a ticket which every Republican may endorse and vote and work for, sure that the best interests of the county will be served by its election.

Mr. W. E. Boynton, the candidate for sheriff is known all over the county. He has lived in several parts of the county and he has been a county commissioner for three years. Last year he occupied a very delicate and difficult position as chairman of the board of commissioners at the time of the so-called Cripple Creek war. How he discharged the duties of his position, we all know. We were proud to have a man of his nerve and nerve in office a man who could say, when the General commanding the State troops told him that if he went to the Independence mine, he would be shot by order of the Governor, "It is my duty to go, and I am going; shoot if you want to!" That kind of nerve is what we want in a sheriff, and it is what we shall have if Mr. Boynton is elected.

The candidate for county clerk is a young man who has held a responsible position in one of the banks in Cripple Creek. He is a good business man, and a man of unimpeachable character.

The candidate for treasurer is such a favorite that he had a walkover. Neither in the convention nor before it did anybody oppose him. Mr. Steinmetz has a good record of service in the office which he will now be called upon to fill, and we have no hesitation in predicting that he will be one of the most efficient treasurers the county has ever had.

Mr. J. M. Jackson is well known in this county, and all who know him are his friends. He is a man of business, has ability and experience, and he will make a good assessor.

The county convention of Republicans was composed of the best men in the county, and they did a good day's work when they made their nominations. The ticket is a good one, and it should be and will be supported by every Republican, and by every man who will remember the interest of all the people of this county and who will be able to rise above the interests of our party.

County judge was the only office where there was a contest for the nomination. It is to be hoped that the man who was nominated will be the choice of the county will have to fill all the common places. The voters probably will have to elect a judge who will be able to decide a case of assault, a petit larceny and a number of similar offenses, where the people can trust absolutely Judge Seymour to do just that kind of a work. He has had experience, has served our people faithfully in the office and made a splendid record. The county court also often has before it important litigation, and we need a man of dignity and ability in that office, one who will be a worthy successor of Strong and Hallett and Mahew, who have gone before him. The Republican will not be ready to the principle of the latter.

Another very important office is that of county commissioner. We have two first rate commissioners with brief over, and we want another who will work with them and consider the interests of the board. Such a man the convention found in Mr. N. E. Parker of Colorado City. He is a man of sound sense and good judgment and right principles, and when he is elected we shall have as good a board of county commissioners as any county in any other county ever had.

For the other commissioner Commissioner Mahew has a well record, and will continue his good record, and Mr. Ashworth is a competent surveyor, who will supply every the requirements of his position.

[illegible] is a good ticket and we shall stand by it and work for it as we know how. We have a fighting chance.

OUR DISTRICT TICKET.

For our district judge, Judge Lunt, the Republicans of the Fourth judicial district have honored the bench as much as they have honored the gentleman who now occupies it. Judge Lunt has been upon the bench only a short time, but he has shown himself competent to rule in a case of his specialty and he is a first rate judge.

Mr. Kimmey had an honorable nomination to take the place at the election, and he moved many friends among the delegates to the judicial convention, but many of Judge Kimmey's best friends felt that it would not be fair to Judge Lunt to take him off the bench after so short a period of trial, and so felt obliged to vote for the sitting judge. So far as we are concerned, there is no man in the county for whom we would rather vote for any office for which he was nominated than Mr. Kimmey, and we hope to have a chance to do it another year. He is a good lawyer, a true and loyal Republican, and as county judge he has made a record of which any man might well be proud.

Our district bench has now more than two and judges in the particular area for this year we cannot do better than to keep them where they are. Judge Lunt will add strength to the bench, and in the old and the election will insure for some time to come the high character of a district bench which is known as one of the best in the United States.

[illegible] to Colorado Springs. [illegible] good work we hope to see them [illegible] the first [illegible] of the ultimate good of this city. We [illegible] the [illegible] will be [illegible] to the interests of this city and the State generally in the [illegible] effort for its [illegible] and for the benefit of all concerned.

Mr. Clarence A. Lyman, who has been managing editor of The Gazette for the past six months, goes to Denver today to engage in newspaper work there. Mr. Lyman has done good work on The Gazette, as its readers can readily see, and we wish him the success which he is sure to deserve in his new field of labor.

Mr. Walter F. Walker, formerly night editor of The Gazette, who has been away for six months at his ranch in Garfield county, has returned to this city and resumes today his editorial position on this paper. His many friends here will give him a hearty welcome.

[illegible] Blue.

The effort of gold monometallists is to attack the price of gold and thus make it more profitable than it formerly was to mine gold. In the prosecution of this deposits of gold are officially in existence, it enables the people of the State to get a statement of the situation which is known to the whole country, except to the great mass of class of the [illegible]. It is [illegible] who have furnished gold monometallists upon the country [illegible] the full effect of the [illegible] path upon which the people of this State will by adhering to prosperity. If they thought they might keep all the profit of their mines yours they forget the incidental effect of gold monometallism upon the industries of a gold producing State. Doctors, lawyers, merchants and members of families make a profit from the bodily afflictions of their fellows. So it may be said that Colorado gold mines derive an advantage from the diseased condition of the finances of the United States. But they need not let their consciences trouble them on this point. They are not responsible for the conditions which make gold of more value than they are [illegible] for the value of their product. They have the right to sell.

When the people of Colorado should do so it develop all their resources to the utmost possible limit. They should take advantage of the high price of gold while it continues and [illegible] as many profit as they possibly can from the mines which have to be turned upon the United States by the folly of men who seemed to believe that gold monometallism [illegible] of wisdom [illegible] the public.

NO FREE SEEDS.

The Government Will Distribute None at Any Rate.

Washington, Sept. 30.—It seems that what is under issued by Secretary of Agriculture Morton against giving away the most number of the Department of Agriculture grew out of misunderstanding with the chief of division of seeds in that department. The bureau was temporarily [illegible] for the purpose of purchasing and distributing such seeds as are rare and uncommon in the country, or such as can be made more [illegible] than [illegible] in other parts of the country [illegible] another.

Soon after the advent of the present administration however, Secretary Morton came to the conclusion that the bureau was made the medium of useless and extravagant expenditures and [illegible] distribution of seeds through members of congress, and by suspending the purchase of seeds [illegible] may be found that he was backed up in this opinion by the [illegible] of the [illegible] Congress. Throughout the death [illegible] of the bureau [illegible] of the [illegible] showed [illegible] Prince and [illegible] out of employment and will result in [illegible] fully 100 more of [illegible] in the matter of reducing the [illegible] offered will [illegible] $[illegible] a year. The attorney general supports the action of Secretary Morton.

A MISSING GIRL.

Lena Kenny of St. Joe Found by the Police in Chicago.

Chicago, Oct. 1.—The sixteen year old Lena Kenny, the 14-year-old daughter of a machinist in the railroad shops, and who was last seen in the vicinity of Farmer Harper of St. Mary's Catholic church, [illegible] at an early hour this morning in the company of a young woman and Albert Wagner, a [illegible] of the Missouri, [illegible] Alexander Dolinski, the girls uncle, who has been searching for the girl since she disappeared, [illegible] the [illegible] Dolinski says that on the 18th of this month Father Wagner came to the home to move to St. Joe. On his arrival the girl was brought to the parents' house, and that the latter told friends to have her in Chicago. He did so, the people delivering the expense money. Wagner kept the girl at his home two days, after which he took her to some [illegible] where she spent the [illegible] days, when she was sent to a Catholic school on Ontario avenue. Here the police found her. It was learned a few days ago that Father Wagner had shipped a lot of furniture to Chicago consigned to one [illegible]. The furniture was watched, and when [illegible] it he was followed and [illegible] arrested. The girl, who is very [illegible], is [illegible] to go home to her parents. The [illegible] will come up in court to day.

Professor Pilgrim.

Seattle, Wash., Sept. 27.—[illegible] their assistant general counsel, C. W. Bunn, who arrived in this city today from the Fort Bennett Outlet, Pierre and Rosebud of the Northern Pacific last night, stated that they had [illegible] with Federal Judge Hanford. Mr. Bunn authorizes the statement that the late negotiations will not be an answer on Oct. 8 in the United States District Court to the charges preferred by Professor Pilgrim, president of the Northern Pacific Protective Association. Neither will they positively answer it then, the attorney contending that at the time they were directed to do so by Judge Hanford.

WOMEN'S FEDERATION.

The Reception Last Evening at Mrs. Slocum's—Delegates Present.

The formal exercises of the State Federation of Women's clubs will begin this morning; but last evening the visiting delegates were invited to meet the members of local clubs federated with the State organization at the house of Mrs. Slocum, and all of them were there.

The house is one well adapted for such a gathering. It was beautifully ornamented with flowers and plants sent by Monteith & Sanford with compliments to the Women's Federation. Ices were served in the dining room, where Mrs. E. C. Goddard and Mrs. W. S. Jackson officiated at the table, and Miss Lunt and Miss Noble as waitresses.

Mrs. Slocum received the guests, assisted by Mrs. Henrotin, the national president, and Mrs. Gale, the State vice president. They shook hands enough for a President of the United States during the evening.

A large number of visiting delegates are in town, and they are all women who look as if they knew something. It was a remarkably good-looking assemblage. There were a few men there, but that was simply because they happened to be the husbands of persons far more important than themselves, and they knew it, and acted with due and becoming meekness.

A list of all the women present would be impossible to give. Most of the members of the local clubs who are in the federation were there.

Among the visiting delegates from other places who attended the reception were: Mrs. Gale, vice president and acting president of the Colorado State federation; Mrs. Alva Adams, Mrs. Thatcher, Mrs. Richardson, Mrs. Roberts and Mrs. McCoy, all of Pueblo; Mrs. J. H. Platt of the Women's club, Mrs. Lizzie M. Olden of the Women's league, Mrs. M. C. C. Bradford, Mrs. Susan M. Hayward of The Colorado Woman, Mrs. Jacobson, Mrs. Atkins, Mrs. Statler, Mrs. Benjamin, Mrs. Muller, Mrs. Peavey, State superintendent of public instruction; Mrs. Hiscock of the Fortnightly club, and Mrs. J. F. Brown of the same club, all of Denver; Mrs. Gamble of the Fortnightly club of Golden, Mrs. Brown and Mrs. McHugh of Fort Collins, Mrs. L. E. Smith, president of the Women's club of Cripple Creek, and Mrs. Satterlee of the same place; Mrs. Dimmick of Leadville, Mrs. Bullard of Greeley, Mrs. Barr and Mrs. Herron of Longmont, and Mrs. Holbrook of Alamosa, the sole representative of the great San Luis country.

These are only a few of the many foreign delegates who are present, so that it is easy to see that the meetings of the federation are bound to be well attended and consequently interesting.

The programme for to-day is as follows:

Series of Lectures.

A course of four lectures to be given in the Baptist church begins this evening, the first one to be delivered by Robert D. Graham, formerly of Fremont Temple, Boston, his subject being the "Measure of Achievements."

The series after to-night will be as follows:

Oct. 15, Kerr B. Tupper, "The Romance of Castle Garden."
Oct. 29, Dr. Howe, "Inhabitability of Other Worlds."
Nov. 12, George D. Morrill, "The Flying Dutchman."

The entire proceeds of these lectures will be devoted to the mission work of our State, especially among the mining towns. The lecturers have gratuitously given their services, not even reserving anything for their own personal expenses. The sale of tickets opens this morning at 9 o'clock, at Hext & Williams's music store. Season tickets $1; single admission 35 cents.

Road Race.

Yesterday afternoon the colored boys' wheel club had their 10-mile road race. It was started at 3 o'clock from the Antlers hotel and was north on Cascade avenue five miles and return. Quite a big crowd was present, both white and black, and they enjoyed the efforts of the young men to win. The day was good, and very little wind. The first man in was Bob Buckner, who had a handicap of two minutes. The time prize went to Bud Rollins, who rode the distance in 29 minutes and 30 seconds. Henry West, who had three minutes handicap, got the third prize and John Calsbury the fourth. The prizes were handsome gold and silver medals.

Work that Wins.

Within the last week Charles P. Bennett has closed the sale to Mrs. F. J. Williams of a lot in the 1200 block on North Tejon street; has sold two lots in the 1600 block on North Nevada avenue to W. L. Cook; a house and lot on North Tejon street to Mrs. L. S. Hutchison, and a lot in the 1600 block on North Tejon street to Mrs. Earle, the vacant property all for immediate improvement.

Mr. Bennett is hoping soon to effect arrangements by which he will be able to handle a much larger business than he can now possibly bestow his attention upon. Few firms in Colorado Springs, if any, have had more marked success than Chas. P. Bennett of the Crescent Real Estate and Loan agency. Mr. Bennett could hardly have embarked in business at a more inopportune time than that at which he began his personal venture in our city. At the very outset, he was confronted with the panic which almost completely demoralized the real estate business. The territory was already well occupied by old and well established houses with which he had to compete. But, believing that his policy of hard work, generous advertising, and square dealing, was bound to win, he kept persistently at work and his business has steadily grown, slowly at first, quite rapidly of late, and its volume will now compare favorably with that of the oldest houses in the city.

A pleasant service was held Sunday afternoon at the Y. M. C. A., with a strong talk from Rev. Dr. Graybill of Trinidad.

A TERRIBLE STORM.

Much Damage to Shipping Along the Great Lakes.

Saulte Ste Marie, Mich., Sept. 30.—The terrific northwest gale which has raged here for two days doing great damage to shipping continues. Reports of vessels ashore and stranded owing to the steady gale driving the water southeastward and intelligence that all kinds of wreckage is coming ashore north of here, are heard from various points.

It is reported that two large steamers are ashore at Kewaneechaw Point. The captain of the Schullkill which arrived from Duluth this morning says he could not make out who they were, but thought they were the Matoa and Masaba, belonging to the Minnesota company; and valued at $200,000 each. The steamers cleared from Two Harbors yesterday for Cleveland, loaded with iron ore. The point where they are aground is said to be the most dangerous of any on the whole chain of lakes

From White Fish Point comes the report that a schooner is flying signals of distress. Two tugs have gone to her rescue.

At Shell Drake, the barges Kerney and Lillie May of the Nellie Torrent tow, are ashore and total losses.

Twenty boats are anchored between here and Iroquois Point, and above the encampment several large steamers are awaiting an abatement of the gale.

Near Manistique wreckage has been coming ashore since Friday. About 10 miles east were found pieces of a table and bed and part of the cabin from a schooner. The wood was painted white.

This is probably what is believed to be the pilot house of a steamer as originally reported. Although nothing could be found, with a name on it, it is thought that the wreckage is from the schooner which went to pieces near St. Ignace.

OLD FASHIONED.

A College Rush Revived at Harvard University.

Boston, Sept. 30.—"Bloody Monday night" at Harvard has been rejuvenated. To-night the sophomores and freshmen rushed and scrapped as of old. In the early part of the evening a reception was held at Landers theater. Addresses were made by President Eliot, Prof. Norton, Rev. Dr. Norton and Gov. Greenhalge. Afterwards a reception was held in Memorial hall, at which the new students met the officers of the university. It was thought that this would kill any feeling for excitement in the incoming class. Only a few punches were given on the grounds and Harvard Square was very quiet.

About 10 o'clock faint cheering began in the yard, and soon the yard was filled with college men and others. The rushing began and was kept up until a late hour, very little attempt being made to stop it. A member of the faculty was in the yard looking

This is the first organized rush in over five years. The result will probably be the shutting down on freshmen athletics by the faculty.

A Sugar Beet Corner.

London, Sept. 30.—The United Press, through interviews with leading members of the London sugar houses, learns that three weeks ago a French syndicate was formed for the purpose of buying up beet sugar and cornering the market for that commodity. The operations covered a total purchase of 400,000 tons and has resulted in the present rise in the sugar market of 6 pence per cwt. The syndicate has been buying in London to sell in France, in which country the trade is likely to be affected. The London firms agree in the expression of the opinion that the operations of the syndicate will not seriously affect the British and American markets, but they are equally unanimous in the belief that as the French syndicate is strongly backed financially the corner in France is likely to be successful.

Dunraven Departs.

Newport, R. I., Sept. 30.—Mr. Lacock's big yacht Valhalla, with Lord Dunraven on board, sailed this morning for Europe. She left the harbor under steam. Outside it was nearly a flat calm. As the steaming capacity of this big vessel is limited, as soon as she clears the coast she will proceed under canvas. Lord Dunraven's daughters will sail from New York on Wednesday in one of the transatlantic steamers.

Ohio Silver Campaign.

Columbus, O., Sept. 30.—The silver Democrats of Ohio will conduct a fight for the white metal during the State campaign in spite of the declaration of the State convention in favor of the single gold standard. There was a conference of free silver party men in the office of Allen W. Thurman here yesterday at which this course was determined upon. Among those present at the conference were L. E. Holden, editor of the Cleveland Plain-Dealer; General E. B. Finley of Bucyrus, Judge E. J. Blandin of Cleveland, J. A. Norton of Tiffin, Colonel W. A. Taylor of Columbus and L. A. Russell of Cleveland.

It was decided to organize for work in accordance with the plans adopted at the conference of the friends of free silver held in Washington recently, and to this end a State central committee, consisting of one member from each Congressional district was selected. This committee will meet here on Oct. 7, and elect an executive committee to conduct the free silver campaign. The free silver advocates explain that they do not propose to oppose the Democratic State ticket, but their proposed action will necessarily embarrass the managers of the Democratic State campaign to some extent.

THE MARKETS.

New York, Sept. 30.—Money on call 1½@2 per cent.; last loan at and closing offered at 1½. Prime mercantile paper 4½@5½ per cent. Bar silver 66⅞. Mexican dollars 53¾. Sterling exchange is easy, with actual business in bankers' bills at $4.87½@4.87¾ for 60 days, and $4.88½@4.88¾ for demand. Posted rates $4.88@4.89. Commercial bills $4.86½@4.87¼. Government bonds firm; State bonds dull; railroad bonds weaker. Silver at the board was neglected.

The trading at the Stock Exchange today was of a retail character, only 191,934 shares having been traded in. Of this total Distilling and Cattle Feeding figured for 63,300 shares, Reading for 22,400, St. Paul for 14,400, and Chicago Gas for 14,400 shares. The dealings were entirely professional, the commission firms being practically bare of orders. The professionals, while they had the market to themselves, lacked courage to push the advantage because of the uncertainty surrounding the gold situation. A good deal was heard of exports of the metal to the continent late in the week, but when the Berlin correspondent of Ladenburg, Thalman & Co. cabled in his opinion there would be no further special demands for gold from Berlin, the predictions of exports were considerably modified. London, however, sold fairly large amounts of St. Paul, Reading, Louisville and Nashville and Atchison, for which the foreigners will have to be paid in some way. It is well to note, however, that there was a decided increase in the supply of cotton bills in the late dealings, and if this keeps up it is bound to have a weakening effect on the sterling exchanges. But as a rule, the changes were in the direction of lower figures. Industrials, Sugar and Chicago Gas run off about a point, while Rubber advanced about as much. Speculation closed quiet, with prices anywhere from ¼ to 1¾ per cent. lower on the day.

Bonds were weaker, sales footing up $1,336,000.

CHICAGO GRAIN.

Chicago, Sept. 30.—The curb sentiment on wheat was very firm this morning and the feeling was partly carried into the regular opening, but right at the start prices experienced a set-back, the offerings largely exceeding the demand. The crowd was somewhat mixed on the situation during the morning and showed some aversion to taking either side. After the recession mentioned there was a recovery which placed values about where they were at the close of Saturday's trade. The foreign situation exhibited considerable strength, all early cables quoting advances. December wheat opened from 63⅝ to 63½, sold between 62¼ and 46, closing at 63½. ½ cent higher than Saturday. Estimated receipts for to-morrow 132 cars.

Corn did not fare very well to-day, even the strength of wheat at the opening was of little use as a sustaining factor. Prices opened weak and so continued. May corn opened at 29⅝, sold between 29¾ and 29¼@29⅜, closing at 29½@29⅝, ¼ under Saturday.

BURLINGTON ROUTE.

The summer has come and gone; the beautiful autumn is again with us; the Great Burlington continues to come and go every day in the year, and will continue to run the best equipped trains from Denver to Chicago, St. Louis, Peoria, Quincy, Kansas City, St. Joe, Omaha, Lincoln and intermediate points, without change of cars.

The Burlington has long been the established favorite route of the traveling public, and will continue to be the leader in everything pertaining to the safety and comfort of its patrons. Through vestibuled trains leave Denver at 11:00 a. m. and 9:50 p. m. and carry the finest Pullman Palace Sleeping cars, Famous C., B. & Q. Dining cars (meals a la carte), Reclining Chair cars and splendid day coaches. Notwithstanding the many advantages offered by this line, our rates are as low as via any other. All ticket agents will consider it a pleasure to give full particulars, ticket you, check your baggage to any point in the United States or Canada. Remember your local agent can make you as good rates as can be obtained in Denver, but should you desire any special information, kindly write G. W. Vallery, General Agent, 1039 17th street, Denver, Colo.

YOU CAN OBTAIN

The very lowest rates and at the same time enjoy the very best train service, including all your meals in our own magnificent dining cars. Seats in the well-known Horton palace reclining chair cars without extra charge, or through sleepers containing all the latest and best inventions known by patronizing the great Rock Island route.

We will take pleasure in making reservations through to destination; also to Europe via all principal steamship lines at our city ticket office, No. 12 Pike's Peak avenue. W. W. Wood, General Agent.

THE MOST PUNCTUAL TRAIN

Service to and from Colorado Springs, is the Pike's Peak and Denver Fast Express on the Gulf railway. This well-appointed train leaves Colorado Springs promptly at 9:40 every morning. It makes no difference how late the trains are from Kansas City, San Francisco or other points. You don't have to telephone to know when to start for the station. This train leaves Colorado Springs proper and is for the accommodation of travel from Colorado Springs and Manitou, only. Arrives Denver on time every morning at 10.55. Returning leaves Denver at 4 o'clock every afternoon. Passengers from Manitou should take electric car leaving station there at 7:22 a. m.

E. K. CARNES,
General Agent, No. 14 Pike's Peak ave.
Depot, West Huerfano St., directly on electric line.

You can go to Denver on Rio Grande train at 7:55 or 9:43 a. m., leave Denver returning at 7:30 p. m. and arrive home at 10:21 p. m. This gives you nearly a whole day in the city for business or pleasure.
